

AS OF 2/3/2021

We will be providing COVID vaccine as it is made available to us by the NYS Department of Health, as they receive it from the federal government.

We will provide this via a mass **community clinic** at the Woodstock Community Center (56 Rock City Road), not in store.

Clinic dates will be announced via email only. Signup for notifications at drneal.co/vax.

Staff will not be fielding logistics questions about the vaccine. We will not be signing people up in store or via phone. Our process is online only to help reduce the burden on the staff.

Limited staff will be available to assist clinic participants if you have questions and have reserved a spot.

All signups will be via <http://drneal.co/vax>

If you do not have computer, here are your options:

- **Have someone who has a computer sign you up using their email**
- Contact the Ulster County Office of the Aging at 845-340-3456
- Contact the NYS COVID Vaccine call center at 833-697-4829 to assist you in finding a different clinic that is taking phone signups

Our current vaccination priorities:

- Patients over 65 years old

All questions should be EMAILED to vaccine@drnealsmoller.com.

Everyone WILL get this vaccine, eventually. Thank you for your patience.

Neal
